

## PROFILE

Eric Hayler is an experienced Lean Six Sigma (LSS) Master Black Belt with a history of effectiveness working in the manufacturing, service, and education sectors. His strong professional skills include Lean, Six Sigma, continuous improvement, strategy development, teaching, coaching, project management, quality, problem-solving, statistics, and value stream mapping.

Eric has been responsible for leading departments at Amazon, BMW, and JM Huber, including direct reports and project management. He has led or coached hundreds of cross-functional projects and problem-solving activities that have resulted in hundreds of millions of dollars of savings in the manufacturing, service, education, and non-profit sectors. In addition, he has facilitated or participated in over 100 continuous improvement workshops (kaizen events). He has coached projects and taught classes in the US, Mexico, Brazil, Germany, India, Costa Rica, Portugal, South Africa, and the UK. Eric has been invited to give keynote presentations around the world. Eric is based in USA.
